# Chair's letter

Dear Madam/Sir

I am pleased to enclose the notice of the annual general meeting of Prosus N.V. (the company or Prosus), which will be held at 14:00 (Central European time) on Tuesday 18 August 2020. Formally, the meeting will be held at ABN AMRO, Gustav Mahlerlaan 10, 1082 PP Amsterdam, the Netherlands.

In accordance with the Temporary Act Covid-19 Justice and Safety, shareholders can only attend the meeting virtually via the internet at [www.abnamro.com/evoting](http://www.abnamro.com/evoting) and if they wish, vote in real time online. The meeting can also be followed on the Prosus website [www.prosus.com/investors](http://www.prosus.com/investors).

At the annual general meeting, our chief executive, Bob van Dijk, will update you on the progress of the business in FY20. Subsequently, introductions will be given on other items on the agenda. Following these presentations, we will have a full Q&A session on all matters tabled before we conduct the formal business of the meeting (the voting on all tabled voting items).

In accordance with the board rotation plan, Don Eriksson, Mark Sorour, Emilie Choi, Manisha Girotra and Rachel Jafra are offering themselves for re-election.

The end of FY20 marked the retirement of Fred Phaswana as a director and lead independent director of Prosus (and Naspers). I would like to thank Fred again on behalf of the board for his contribution to the Naspers and Prosus groups. Fred has been a director in the Naspers group for over 15 years and played a key role in transforming Naspers, and subsequently Prosus, into one of the top 10 global consumer internet companies by market capitalisation.

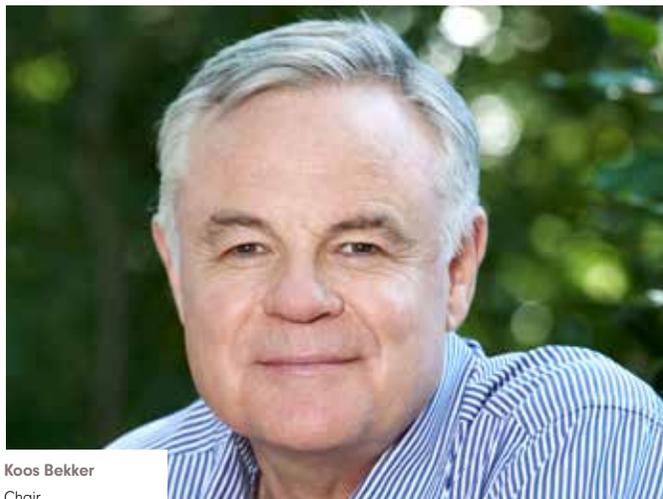

As announced on 29 April 2020, the board decided to nominate Ms Ying Xu for appointment as a non-executive director of Prosus.

Full explanations of all proposed resolutions are set out in the explanatory notes to this notice. The board believes that all the proposals to be put to you at the annual general meeting are in the best interests of Prosus and all shareholders. Accordingly, the directors unanimously recommend that you vote in favour of the resolutions, as they intend to do themselves in respect of their own shares.

The annual general meeting is an important opportunity for all shareholders to express their views by asking questions on the above matters and on any other topic relevant to our business and the resolutions.

If you would like to be assured of the fullest possible response to a question asked in the annual general meeting, it would be helpful if you could submit your questions in advance of the annual general meeting but ultimately on 15 August 2020, at 14:00 CET. Further questions may be posed during the meeting by those shareholders who submitted questions timeously in advance. Of course, you are also invited to write to me at any time should you wish at [investorrelations@prosus.com](mailto:investorrelations@prosus.com). Alternatively, you may find the answer to your question on our website at [www.prosus.com](http://www.prosus.com).

Enclosed with this letter you will find the notice of the annual general meeting being convened, together with the agenda and the explanatory notes. A voting instruction form has been sent to those of you who are registered in Prosus's register of shareholders. Our FY20 year-end documents are available on our website at [www.prosus.com/investors](http://www.prosus.com/investors).

### Agenda and explanatory notes

#### 1. To discuss the Prosus annual report submitted by the board of directors, (non-voting item)

At this agenda item the chief executive will update you on the progress of the business in FY20.

#### 2. To approve the directors' remuneration report (advisory vote)

In accordance with Dutch legislation (Section 2:135b Dutch Civil Code (DCC)), the directors' remuneration report is discussed with the shareholders and put to the general meeting of shareholders for a non-binding advisory vote. It is proposed to approve the directors' remuneration report.

Prosus has drawn up the directors' remuneration report, including an overview of remuneration to individual members of the board in accordance with the statutory requirements.

Please refer to the directors' remuneration report on our corporate website, included in the Prosus annual report on pages 101 to 137. The pages 115 to 120 regarding the remuneration policy are explicitly excluded.

### 3. To adopt the annual accounts (voting item)

To consider and adopt the financial statements of the company for the twelve (12) months ended 31 March 2020. The summarised form of the financial statements is attached to this notice. The external auditor will address the meeting regarding his auditor's report.

#### 4(a). Proposal to make a distribution (voting item)

Prosus does not have a defined dividend policy and, as such, there are no restrictions on, or a target range for, the payment of dividends. The board generally considers dividend declarations annually during the month of June when it finalises the annual accounts. The ability and intention of Prosus to declare and pay dividends in the future: (i) will mainly depend on its financial position, results of operations, capital requirements, investment prospects, the existence of distributable reserves and available liquidity and such other factors as the board may deem relevant; and (ii) are subject to numerous assumptions, risks and uncertainties, many of which are beyond Prosus's control.

In accordance with the articles of association, the board proposes that a distribution be made to holders of ordinary shares N of 11 euro cents per share and to holders of ordinary shares A1 of 0.602 euro cents per share. Holders of ordinary shares N can elect whether they want to receive their distribution in the form of a regular dividend, or whether they prefer to receive an equal amount in the form of repaid capital instead. Holders of ordinary shares N that do not make a choice participate in the distribution of repaid capital. In addition, a choice for one option implies an opt-out of the other option.

For those holders holding their shares in South Africa via Strate, the proposed dividend as denominated in euro will be translated to South African

rand at the exchange rate prevailing on the date of approval of the dividend at the 2020 annual general meeting.

This combined proposal for a vote consists of three parts:

- (i) The proposal to distribute a dividend as set out under (a) below.
- (ii) The proposal to amend the articles of association of the company by an increase of the nominal value of the ordinary shares N, thus increasing the issued share capital of the company at the charge of the share premium reserve, as set out under (c) below.
- (iii) The proposal to decrease the issued share capital of the company and to amend the articles of association of the company by a decrease of the nominal value of the ordinary shares N back to the current nominal value, thus decreasing the issued share capital of the company, which decrease is partly paid to the shareholders who have opted for the repaid capital option, and the balance is added to the share premium reserve of the company, as further set out under (b) and (d) below.

### **(a) To consider the payment of a dividend**

Subject to the approval of item (4)(a) (b) and subject to the terms of the articles of association, the board has recommended that the holders of ordinary shares N have the option to receive a regular distribution of 11 euro cents per ordinary share N in cash and 0.602 euro cents per ordinary share A1 in cash.

Holders of ordinary shares N that have opted for the regular distribution (of profits) option receive payment of their pro rata portion of the distributed profits. These shareholders, who have opted for the regular distribution (of profits) option, choose to have their

part of the capital reduction distribution referenced in article 31.2 of the articles of association added to the share premium reserve and forfeit any claim to their pro rata part of the capital reduction.

### **(b) To consider the distribution of repaid capital**

Subject to the approval of item (4)(a) (a) and subject to the terms of the articles of association, the board has recommended that the holders of ordinary shares N have the option to receive an equal amount to the amount stipulated in (4)(a)(a) above in the form of repaid capital.

Holders of the ordinary shares N that have opted for the repaid capital option receive payment of their pro rata portion of funds made available under a formal reduction of the capital of Prosus (*kapitaalvermindering*). These shareholders implicitly choose to have their part of the regular dividend added to dividend reserves and forfeit any claim to their pro rata part of the regular distribution (of profits).

### **(c) Reduction of Prosus's capital**

Subject to the approval of item (4)(a) (b) above and subject to the terms of the articles of association, the capital of Prosus be reduced to give effect to the elections to be made by shareholders as at the dividend record date. This requires two subsequent partial amendments to the articles of association of Prosus, first increasing and subsequently decreasing the nominal value of the shares.

Article 4 of the articles of association currently reads as follows:

“Article 4. Authorised Capital.

- 4.1 The authorised capital of the Company is two hundred and fifty-one million euros (EUR251,000,000).
- 4.2 The authorised capital of the Company is divided into five billion ten million and ten

thousand (5,010,010,000) Shares, of which:

- ten million (10,000,000) are Ordinary Shares A1 with a nominal value of five euro cents (EUR 0.05) each;
- ten thousand (10,000) are Ordinary Shares A2 with a nominal value of fifty euros (EUR 50) each; and
- five billion (5,000,000,000) are Ordinary Shares N with a nominal value of five euro cents (EUR 0.05) each, which Ordinary Shares N shall rank Pari Passu in respect of all rights.

- 4.3 All Shares are registered. The Company shall not issue share certificates or statements evidencing or purporting to evidence title to the Shares, which shall at all times remain in dematerialised form.
- 4.4 A person who is entitled to and wishes to inspect the register of dematerialised Shares may do so only through the Company and in accordance with Dutch law.”

And Article 39.1 of the articles of association currently reads as follows:

- 39.1 Each ordinary share A1 and each ordinary share N confers the right to cast one (1) vote.  
Each ordinary share A2 confers the right to cast one thousand (1,000) votes.

In order to increase the nominal value of all ordinary shares N with 11 euro cents, Article 4 of the articles of association will first be amended as set out below. The increase is paid up at the charge of the share premium reserve of the company.

“Article 4. Authorised Capital.

- 4.1 The authorised capital of the Company is eight-hundred and one million euros (EUR 801,000,000).
- 4.2 The authorised capital of the Company is divided into five

billion ten million and ten thousand (5,010,010,000) Shares, of which:

- ten million (10,000,000) are Ordinary Shares A1 with a nominal value of five euro cents (EUR 0.05) each;
- ten thousand (10,000) are Ordinary Shares A2 with a nominal value of fifty euros (EUR 50) each; and
- five billion (5,000,000,000) are Ordinary Shares N with a nominal value of sixteen euro cents (EUR 0.16) each, which Ordinary Shares N shall rank Pari Passu in respect of all rights.

- 4.3 All Shares are registered. The Company shall not issue share certificates or statements evidencing or purporting to evidence title to the Shares, which shall at all times remain in dematerialised form.
- 4.4 A person who is entitled to and wishes to inspect the register of dematerialised Shares may do so only through the Company and in accordance with Dutch law.”

It is proposed to amend Article 39.1 as well; due to the changes in the nominal value of the ordinary shares N, Dutch law prescribes that the number of votes changes as well.

- 39.1 Each ordinary share A1 confers the right to cast five (5) votes.  
Each ordinary share N confers the right to cast sixteen (16) votes.  
Each ordinary share A2 confers the right to cast five thousand (5,000) votes.

Consequently, it is proposed to amend Articles 4 and 39.1 of the articles of association of Prosus.

The proposal also includes granting a power of attorney to each member of the board, the company secretary, as well as each (deputy) civil law notary and notarial assistant of Allen & Overy LLP (Amsterdam office), attorneys-at-

law, civil law notaries and tax advisers, each of them separately, to have the first deed of amendment of the articles of association executed.

### **(d) Reduction of Prosus's capital – subsequent decrease of the issued and authorised share capital: second amendment to Prosus's articles of association**

It is proposed to subsequently reduce the issued share capital of the company by decreasing the nominal value of the ordinary shares N back to the current value of the ordinary shares N as set out below, under the condition precedent that the second amendment of the articles of association comes into full force and effect, following the statutory capital reduction process and taking into account a mandatory two-months opposition period for creditors. The amount of the repaid capital that is not opted for by the shareholders who elected a regular dividend distribution, will be added to the share premium reserve of the company. Articles 4 and 39.1 will then read again as follows: “Article 4. Authorised Capital.

- 4.1 The authorised capital of the Company is two hundred and fifty-one million euros (EUR 251,000,000).
- 4.2 The authorised capital of the Company is divided into five billion ten million and ten thousand (5,010,010,000) Shares, of which:
  - ten million (10,000,000) are Ordinary Shares A1 with a nominal value of five euro cents (EUR 0.05) each;
  - ten thousand (10,000) are Ordinary Shares A2 with a nominal value of fifty euros (EUR 50) each; and
  - five billion (5,000,000,000) are Ordinary Shares N with a nominal value of five euro cents (EUR 0.05) each, which Ordinary Shares N shall rank

Pari Passu in respect of all rights.

4.3 All Shares are registered. The Company shall not issue share certificates or statements evidencing or purporting to evidence title to the Shares, which shall at all times remain in dematerialised form.

4.4 A person who is entitled to and wishes to inspect the register of dematerialised Shares may do so only through the Company and in accordance with Dutch law.”

“39.1 Each ordinary share A1 and each ordinary share N confers the right to cast one (1) vote.

Each ordinary share A2 confers the right to cast one thousand (1,000) votes.”

Consequently, it is proposed to amend Articles 4 and 39.1 of the articles of association of Prosus accordingly.

The proposal also includes granting a power of attorney to each member of the board, the company secretary, as well as each (deputy) civil law notary and notarial assistant of Allen & Overy LLP (Amsterdam office), attorneys-at-law, civil law notaries and tax advisers, each of them separately, to have the second deed of amendment of the articles of association executed.

As set out in the annual report, dividends and other distributions will be payable on or after 17 November 2020 after the completion of the capital reduction process.

### **4(b). Capital increase and capital reduction for financial year 2021 (and onwards) (voting item)**

It is Prosus's intention to put the same distribution election option on the annual general meeting agenda for 2021 and onwards, so that holders of ordinary shares N may continue to elect whether they want to receive their distribution in the form of a regular dividend or whether they prefer to

receive an equal amount in the form of repaid capital. In the same way as under agenda item 4(a), the capital reduction in the form of a decrease of the nominal value of shares will be effectuated by taking into account the formal capital reduction process including a mandatory two-months opposition period for creditors. In order to avoid the delay in payments (for 2020, the distributions will only be payable on or after 17 November 2020), it is proposed to resolve already in this annual general meeting on the increase and decrease of the nominal value of the ordinary shares N, so that the capital reduction process including the two-months opposition period for creditors is finalised prior to or shortly after the 2021 annual general meeting, so that the 2021 payment date need not be delayed.

As the amount of dividend for the financial year 2021 (and onwards), is presently unclear, a random amount of €0.50 will be used as an assumption with the understanding that the aggregate dividend in the coming year(s) will be (substantially) lower, and at least will not exceed this amount.

The proposal to distribute a dividend for the financial year 2021 (and onwards), and for which amount, and consequently the precise amount of repaid capital to be repaid to shareholders, will only be resolved upon in the 2021 annual general meeting (and onwards).

The combined proposal for a vote consists of two parts:

- (i) The proposal to amend the articles of association of the company by an increase of the nominal value of the ordinary shares N, thus increasing the issued share capital of the company at the charge of the share premium reserve as set out under (a) below.
- (ii) The proposal to decrease the issued share capital of the company and to amend the

articles of association of the company by a decrease of the nominal value of the ordinary shares N back to the current nominal value, thus decreasing the issued share capital of the company, which decrease is partly paid to the shareholders who have opted for the repaid capital option for the amount resolved upon in the 2021 annual general meeting, and the balance is added to the share premium reserve of the company, as further set out under (b) below.

The process of the capital increase and capital decrease proposed under this agenda item 4(b) will only start after having completed the full process of agenda item 4(a). It will then require two subsequent partial amendments to the articles of association of Prosus, first increasing and subsequently decreasing the nominal value of the ordinary shares N.

### **(a) Reduction of Prosus's capital – First increase of issued and authorised share capital: first amendment to Prosus's articles of association for financial year 2021 (and onwards)**

Article 4 of the articles of association currently reads (and will read following the completion of the capital reduction process under agenda item 4(a)) as follows:

“Article 4. Authorised Capital.

- 4.1 The authorised capital of the Company is two hundred and fifty-one million euros (EUR 251,000,000).
- 4.2 The authorised capital of the Company is divided into five billion ten million and ten thousand (5,010,010,000) Shares, of which:
  - ten million (10,000,000) are Ordinary Shares A1 with a nominal value of five euro cents (EUR 0.05) each;

- ten thousand (10,000) are Ordinary Shares A2 with a nominal value of fifty euros (EUR 50) each; and
- five billion (5,000,000,000) are Ordinary Shares N with a nominal value of five eurocents (EUR 0.05) each, which Ordinary Shares N shall rank Pari Passu in respect of all rights.

4.3 All Shares are registered. The Company shall not issue share certificates or statements evidencing or purporting to evidence title to the Shares, which shall at all times remain in dematerialised form.

4.4 A person who is entitled to and wishes to inspect the register of dematerialised Shares may do so only through the Company and in accordance with Dutch law.”

And Article 39.1 of the articles of association currently reads as follows: “39.1 Each Ordinary Share A1 and each Ordinary Share N confers the right to cast one (1) vote.

Each Ordinary Share A2 confers the right to cast one thousand (1,000) votes.

In order to increase the nominal value of all ordinary shares N with 50 euro cents, Article 4 of the articles of association will first be amended as set out below. The increase is paid up at the charge of the share premium reserve of the company.

“Article 4. Authorised Capital.

- 4.1 The authorised capital of the Company is two billion seven hundred and fifty-one million euros (EUR 2.751,000,000).
- 4.2 The authorised capital of the Company is divided into five billion ten million and ten thousand (5,010,010,000) Shares, of which:
  - ten million (10,000,000) are Ordinary Shares A1 with a nominal value of five eurocents (EUR 0.05) each;

- ten thousand (10,000) are Ordinary Shares A2 with a nominal value of fifty euros (EUR 50) each; and
- five billion (5,000,000,000) are Ordinary Shares N with a nominal value of fifty-five eurocents (EUR 0.55) each, which Ordinary Shares N shall rank Pari Passu in respect of all rights.

4.3 All Shares are registered. The Company shall not issue share certificates or statements evidencing or purporting to evidence title to the Shares, which shall at all times remain in dematerialised form.

4.4 A person who is entitled to and wishes to inspect the register of dematerialised Shares may do so only through the Company and in accordance with Dutch law.”

It is proposed to amend Article 39.1 as well; due to the changes in the nominal value of the ordinary shares N, Dutch law prescribes that the number of votes changes as well.

“39.1 Each Ordinary Share A1 confers the right to cast five (5) votes.

Each Ordinary Share N confers the right to cast fifty-five (55) votes.

Each Ordinary Share A2 confers the right to cast five thousand (5,000) votes.

Consequently, it is proposed to amend Articles 4 and 39.1 of the articles of association of Prosus. The proposal also includes granting a power of attorney to each member of the board, the company secretary, as well as each (deputy) civil law notary and notarial assistant of Allen & Overy LLP (Amsterdam office), attorneys-at-law, civil law notaries and tax advisers, each of them separately, to have the

first deed of amendment of the articles of association for the financial year 2021 (and onwards) executed.

### (b) Reduction of Prosus's capital – Subsequent decrease of the issued and authorised share capital: second amendment to Prosus's articles of association for the financial year 2021 (and onwards)

It is proposed to subsequently reduce the issued share capital of the company by decreasing the nominal value of the ordinary shares N back to the current value of the ordinary shares N as set out below, under the condition precedent that the second amendment of the articles of association for the financial year 2021 (and onwards) comes into full force and effect, following the statutory capital reduction process and taking into account a mandatory two-months opposition period for creditors. As the amount of the 2021 distribution will only be known following the 2021 annual general meeting, figures can not be given at this stage, but it is clear that the balance between the 2021 distribution per ordinary share N, and the total amount of the capital reduction per ordinary share N, will be added to the share premium reserve. Also the amount of the repaid capital that is not opted for by the shareholders who will elect a regular dividend distribution for the financial year 2021, will be added to the share premium reserve of the company. The balance of the repaid capital that will be added to the share premium reserve may be used for the same purposes in future years.

Articles 4 and 39.1 will then read again as follows:

“Article 4. Authorised Capital.

- 4.1 The authorised capital of the Company is two hundred and fifty-one million euros (EUR 251,000,000).
- 4.2 The authorised capital of the Company is divided into five billion

ten million and ten thousand (5,010,010,000) Shares, of which:

- ten million (10,000,000) are Ordinary Shares A1 with a nominal value of five eurocents (EUR 0.05) each;
- ten thousand (10,000) are Ordinary Shares A2 with a nominal value of fifty euros (EUR 50) each; and
- five billion (5,000,000,000) are Ordinary Shares N with a nominal value of five eurocents (EUR 0.05) each, which Ordinary Shares N shall rank Pari Passu in respect of all rights.

- 4.3 All Shares are registered. The Company shall not issue share certificates or statements evidencing or purporting to evidence title to the Shares, which shall at all times remain in dematerialised form.

- 4.4 A person who is entitled to and wishes to inspect the register of dematerialised Shares may do so only through the Company and in accordance with Dutch law.”

“39.1 Each Ordinary Share A1 and each Ordinary Share N confers the right to cast one (1) vote.

Each Ordinary Share A2 confers the right to cast one thousand (1,000) votes.”

Consequently, it is proposed to amend Articles 4 and 39.1 of the articles of association of Prosus accordingly. may be exercised once. Each of the directors who are nominated for reappointment shall attend the virtual annual general meeting remotely.

### **11. To reappoint PricewaterhouseCoopers Accountants N.V. as the auditor charged with the auditing of the annual accounts for the years ending 31 March 2021 and 31 March 2022 (voting item)**

To reappoint, on the recommendation of Prosus's audit committee, the firm PricewaterhouseCoopers Accountants N.V. as independent registered auditor of Prosus for the financial years ending 31 March 2021 and 31 March 2022.

The board annually reviews the performance of the auditor in June. The board is satisfied with the performance of the external auditor.

### **12. To designate the board of directors as the company body authorised in respect of the issue of shares in the share capital of Prosus (voting item)**

To appoint the board as the competent body to resolve on the issuance of shares in the capital of Prosus, and the granting of rights to subscribe for shares to the extent that this resolution is approved by the shareholders. This authority will allow the board to be flexible and react expediently, if and when deemed appropriate, including in situations in which the capital position of Prosus is at stake.

It is proposed that the shareholders designate the board as the competent body to resolve to issue shares and rights to subscribe for shares up to 10% of the issued capital in aggregate as per the date of the virtual annual general meeting, with the power to the board to decide which class of shares is issued and to restrict or exclude pre-emptive rights accruing to shareholders in relation to

### **13. Authority for the company or its subsidiaries to acquire shares in the company (voting item)**

It is proposed that the shareholders authorise the board, for a period of eighteen (18) months from the date of the virtual annual general meeting, as the competent body to acquire fully paid-up shares in its own capital, up to a maximum of 10% of the total issued share capital as per the date of the virtual annual general meeting, provided that Prosus will hold no more shares in its own capital than a maximum of 50% of the issued capital, either through a purchase on a stock exchange or otherwise. The repurchase can take place for a price, excluding expenses, not lower than the nominal value of the shares and not higher than the opening price on Euronext Amsterdam on the day of the repurchase plus 10%.

Upon adoption of this resolution, the current authorisation to the board given on 6 September 2019 lapses.

### **14. Approval of amendments to the existing Prosus Share Award Plan (voting item)**

The board proposes certain amendments to an existing share award plan approved by the general meeting of Prosus on 6 September 2019. In addition to the below amendments, further minor and administrative amendments will be made to the share award plan. The amendments will be effective on and

as from the date on which they are approved by shareholders.

The share award plan currently provides that two types of awards may be granted to defined employees in the group, namely (i) Restricted Share Unit (RSU) Awards; and (ii) Performance Share Unit (PSU) Awards (the Share Award Plan). It is proposed that the Share Award Plan be amended to describe the category of individuals who are eligible to receive RSU Awards and/or PSU Awards as being any employee or executive director of a member of the Prosus and/or Naspers group who is selected by the Board (as defined in the Share Award Plan). This provides the Board with flexibility to grant RSU Awards and/or PSU Awards to any group employee or executive director it selects.

Consequently, it is proposed (i) to approve the amended Share Award Plan and (ii) in addition to the authority granted under item (12), to appoint the Board as the competent body to resolve on the issuance of shares in the capital of Prosus, and the granting of rights to subscribe for shares under the Share Award Plan up to 5% of the issued capital in aggregate as per the date of the virtual annual general meeting, with the power to the Board to decide which class of shares is issued and to restrict or exclude pre-emptive rights accruing to shareholders in relation to the issue of shares or rights to subscribe for shares, for a period of five years following the annual general meeting.

## Protection structure

**The protection structure has not been activated as Naspers currently controls approximately 72.5% of Prosus. The protection structure would only be activated if Naspers makes, or is obliged to make, a filing with the AFM that it ceases to be entitled to exercise at least 50% plus one vote of the total number of voting rights that may be exercised at a general meeting.**

### Aim

The aim of the Prosus protection structure is to ensure the continued independence of the group. When entering or investing in some countries with restrictions on foreign ownership or when dealing with regulators in such countries, it can be advantageous or even critical that the Group is able to give an assurance of its continuity of identity: in other words, that we will not, after we have entered a territory or secured a licence, be taken over by unknown entities with whom the country or regulator may be uncomfortable. We believe that this assurance of independence and continuity is critical for our entry into, and operation in, many markets.

### International

Differentiated voting rights and protection structures are commonly used in the media and internet sectors to secure independence and deter raids and efforts to seize control. Many international media and technology companies have differentiated rights or protection structures. Some more well-known examples include: Schibsted and Tele2 in Norway, Altice in the Netherlands, MTG in Sweden, Daily Mail and General Trust in the United Kingdom, JD.Com and Alibaba in China, and Alphabet (Google), Facebook, LinkedIn, 21st Century Fox, News Corporation, Discovery, Liberty Global, Snap Inc, Zillow and Zynga in the United States.

In recent times many internet and tech companies in particular have implemented similar structures.

### Structure

The issued share capital of Prosus comprises two classes of shares:

- Listed N ordinary shares with a nominal value of five euro cents (€0.05) each that have one vote per share.
- Unlisted A1 ordinary shares with a nominal value of five euro cents (€0.05) each that have one vote per share and have relatively insignificant economic participation. As at 31 March 2020, 3 511 818 A1 ordinary shares are currently in issue.

The A1 ordinary shares automatically convert to A2 ordinary shares carrying 1 000 votes per share. If Naspers makes, or is obliged to make, a filing with the AFM that it ceases to be entitled to exercise at least 50% plus one vote of the total number of voting rights that may be exercised at a general meeting.

Keeromstraat 30 Beleggings (RF) Beperk (Keerom) and Naspers Beleggings (RF) Beperk (Nasbel) hold such A1 class ordinary shares that, if the protection structure were triggered, together they control more than 50% (currently 53%) of the voting rights in Prosus. These two companies exercise such rights in consultation with one another. No other entities are part of the control structure.

Keerom has 2 823 shareholders and its constitutional documents provide that no shareholder is entitled to exercise more than 50 votes regardless of shareholding. As at 31 March 2020, there are approximately 12 912 exercisable votes.

Nasbel has 2 593 shareholders, one of which is Heemstede Beleggings Proprietary Limited (Heemstede) (which is a subsidiary of Naspers) that holds 49% of the shares in Nasbel.

The board of directors of Keerom and the board of directors of Nasbel operate independently.

A voting pool agreement (the Voting Pool Agreement) and a pre-emptive rights agreement (the Pre-emptive Rights Agreement) have been entered into between Nasbel and Keerom. Nasbel and Keerom exercise their voting rights in Naspers in consultation with one another in terms of the Voting Pool Agreement. If they vote together, then they can vote the majority of the voting rights in Naspers, including in respect of any takeover offer. Under the Voting Pool Agreement, if Nasbel and Keerom cannot agree on how to vote, then they can vote as they wish, but they are required to vote: (i) against resolutions that are material to the Naspers group and its businesses, including resolutions that would materially change the control, directorate or senior management of Naspers or the nature, scope or size of Naspers's businesses; and (ii) in favour of all resolutions proposed at general meetings of Naspers, which are proposed by the Naspers board and are required to be passed by the Naspers shareholders and affect the conduct of the Naspers group's business, including special resolutions not covered by (i) and resolutions that affect Naspers's share capital and are required to be passed pursuant to the South African Companies Act, the JSE Listings Requirements and/or the rules of the South African Takeover Regulation Panel. In terms of the Pre-emptive Rights Agreement, each party has reciprocal pre-emptive rights as well as the right to acquire the Naspers A ordinary shares held by the other if there is a change of control in one of them.

Currently Naspers holds circa 72% of Prosus. Therefore, the protection structure has not been triggered.

### Transfer of shares

The transfer of rights a shareholder holds with regard to shares included in the Statutory Giro System (GSD) must take place in accordance with the provisions of the Dutch Securities Transactions Act (*Wet giraal effectenverkeer*).

The transfer of shares not included in the GSD requires an instrument intended for such purpose and, save where the company itself is a party to such legal act, the written acknowledgement by the company of the transfer. The acknowledgement must be made in the instrument or by a dated statement of acknowledgement on the instrument or on a copy or extract thereof and signed as a true copy by a civil law notary or the transferor. Official service of such instrument or such copy or extract on the company is considered to have the same effect as an acknowledgement.

A transfer of shares from the GSD is subject to the restrictions of the Dutch Securities Transactions Act and is further subject to approval by the board.
